EQIP FY 2009
Lower South Platte Watershed
Screening Tool
Grazing Lands

Applicant Name _____ Initials_____ Date_____

Tract Number(s) _____

If ALL land in this project is former CRP land which will be converted for use as Grazing Land, it is considered a HIGH priority and no questions other than #3,4,5 need to be answered.

1. Will this project include an enduring vegetative or structural practice (fence, water development, livestock windbreak, grass seeding)?
   Yes: High No: Low

2. Will the participant implement a Planned Grazing management system from the CO Prescribed Grazing-528 Specification Guide (not continuous)?
   Yes: High No: Low

3. Does the applicant have a current conservation plan (less than five years old) in place for the requested practices that complies with current NRCS conservation planning policy, with completion and documentation of the seven deliverables as outlined in the FOTG Conservation Planning Statement of Work". (Section IV; B. Non-Practice, Statement of Work)
   Yes: High No: Low

4. Are the requested planned practices needed and feasible to address the applicable resource issue for which the application is being requested (field visit required)?
   Yes: High No: Low

5. In the last 3 years; has the producer had a previous cost share contract cancelled or terminated due to lack of progress, or has a current contract where no progress has been made?
   No: High Yes: Low

After answering all questions, the lowest priority will be used.

Final Priority Status **(Circle one)**

High **Low**
