

Environmental Quality Incentive Program (EQIP): Lower Arkansas River Watershed-Wildlife
Screening and Resource Analysis Worksheet (C4)

Part I. Producer/Land Unit Information										
Producer/ Group Name:				Tract Number(s):						
				Farm Number(s):						
Kind of Entity or Joint Operation:	Limited Liability Limited Partnership			Application's Total Treated Acreage (TA):		65.0				
				Joint Cooperative Agreement (JA):		<input checked="" type="radio"/> Yes <input type="radio"/> No				
Location:	Woodland Park, CO Teller/Park SCD			Contract Financial Assistance Request:	\$3,000.00	No. of Entities (JA):	3			
Planner:	R. Rhoades	Date:	06-Apr-09			Total Points:	81.95			
Priority:	LOW PRIORITY			Minimum Number of Points Required:		> 32		QUALIFIED		
Part II. Screening Tool										
1.	Does the applicant (a) have a current conservation plan in place for the requested practices that complies with current NRCS conservation planning policy with completion and documentation of the 7 deliverables in the Colorado Conservation Planning STATEMENT of WORK; (b) is there sufficient indication that applicant is ready, willing, and able to complete a contract; (c) has the conservation plan been reviewed and site visit made to confirm that the proposed practices are still needed and feasible to address the stated resource concerns; and, (d) has a SE Colorado wildlife partner concurred with the developed plan? (If any of a, b, c, and d is "no" answer NO to the question)								YES	
2.	Has the applicant within the past 3 years (a) had a previous cost-share contract that was cancelled or terminated due to lack of progress OR, (b) where the installed practices failed due to lack of maintenance, OR, (c) has the applicant previously declined an approved funded application for reasons other than technical, or drought related reasons? (If any of a, b, or c is "yes", answer YES to question)								NO	
If both #1 and #2 above are "no", application is LOW priority; if #3 is "yes", application is LOW priority. Proceed to Question #3.										
3.	(A) Will the applicant's goals be enhanced through leveraging funds from wildlife partner source(s) other than from the applicant(s) OR (B) Does the project specifically emphasize the improvement of Lesser Prairie Chicken habitat OR (C) Does the project emphasize the management of Shortgrass and shrublands that encourages a diverse native plant composition and a mosaic of structure, OR (D) Does the project address management and restoration of seasonal wetland/playa habitat which serves as migrational rest stops? If the answer to any of (A) or (B) or (C) or (D) is "yes", select YES from the list.								NO	
If #3 is "yes", application is HIGH priority, if "no" the application is LOW priority.
